

dss⁺ / Risk Factor™

eLearning Micro Refresher Training

dss⁺ Risk Factor Refresher eLearning is designed to support and sustain key learnings presented in the dss⁺ Risk Factor classroom or virtual Instructor-Led Training (ILT). Ten unique microlearning modules review and reinforce key concepts, principles and practices.

AUDIENCE Intended as a follow-up for participants who have completed the dss⁺ Risk Factor ILT program.

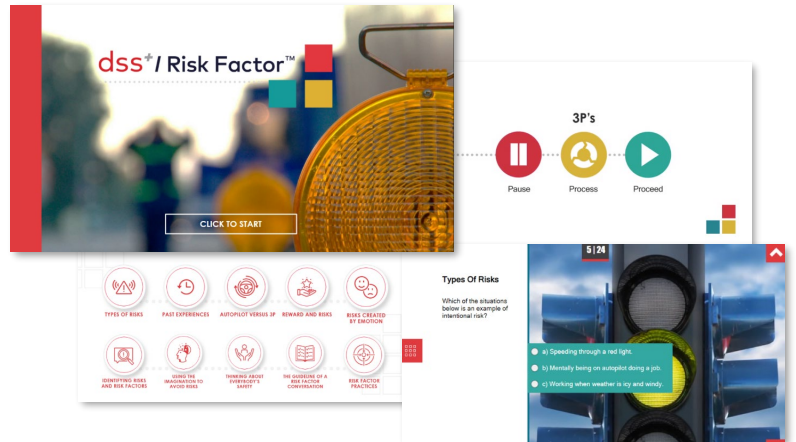

INDUSTRIES Agriculture, Food and Beverage, Chemical and Petrochemical, Electronics, Metals and Mining, Oil and Gas, Transportation, Manufacturing

TOPICS COVERED Individual modules focus on a unique topic and learning objective targeted in the dss⁺ Risk Factor, including:

- Overview of different types of risks
- How past experiences determine perceptions of risk
- Autopilot versus “3 P’s”
- Rewards and risks
- How our emotions impact levels of risk
- Identifying risk factors
- Using our imagination to avoid risks
- Thinking about everybody's safety
- Risk Factor conversations
- Risk Factor best practices

KEY MODELS & TOOLS The dss⁺ Risk Factor Refresher eLearning is comprised of ten (10) unique modules accessed as a unit or as individualized microlearning selections. Each module contains engaging video content with interactive exercises and an assessment.

COURSE CODES EMP008HMLENG0000 (30 min)
RFML01HMLENG0000 – RFML10HMLENG0000 (3 min per microlearning)

KEY OUTCOMES

The dss⁺ Risk Factor Refresher eLearning modules are designed to support and reinforce key concepts, principles and practices of the dss⁺ Risk Factor, which aims to expand and optimize personal risk awareness, lower levels of exposure to risk and reduce safety incidents both at home and on the job.
