HTML5 Courseware

## Compelling Content to Help Keep Employees Safe and Productive

Our courses are SCORM compatible and are built in HTML5, enabling easy access from a desktop, laptop, tablet or smartphone. The course design features a simplified navigation and full-screen streaming video, which provides an enriched learning experience in about 30 minutes per course.

## Multimedia

Streaming video

Full-screen video quality - up to 1280x720 resolution

## Delivery

Any device type: Windows-based PC, Mac, iOS, Android tablets and smartphones.

## Customization

High level of customization including: add, edit or delete audio, video, text, graphics, training points, questions in the course modules, self-checks, and pre and post tests.

## Instructional Design

Our Instructional Design strategy builds on every step from needs assessment to training evaluation and draws from the SAM and ADDIE models to enhance workplace learning and performance.

## Course Length

Average course length - 30 minutes

## Learning Topics

Environmental Health & Safety

Maintenance & Reliability

Human Resources
